Anna Jarvis and Mother's Day

On May 12, 1907, two years after her Mother's death, Anna Jarvis held a memorial for her Mother and thereafter campaigned to make "Mother's Day" a recognized holiday. Her Mother, Ana Maria Reeves Jarvis, had worked around what is now West Virginia to promote health and safety concerns.

During the Civil War, she organized women to tend to the needs of both sides and became active in the promotion of Mother's Day. Anna Jarvis succeeded in 1914. She wrote letters to Governors, Congress, the White House and newspaper editors to make it an official holiday. President Wilson signed a Congressional resolution setting the second Sunday aside in May as Mother's Day.

Anna Jarvis became soured by the commercialism of Mother's Day by the 1920's and she wrote, "A printed (commercial) card means nothing except that you are too lazy to write the woman who has done more for you than anyone in the world. And candy! You take a box to Mother and eat most of it yourself. A pretty sentiment!"

Take that box of candy to Mom and sit, talk and share. And the commercialized greeting card....instead of just signing it "with love" how about writing a big Thank You for all you have done.

Anna Jarvis would most likely accept that.

Whispering Pines will celebrate all of our special Mom's on Saturday, May 8 with a potluck dinner cooked by the men and will be held at

**BACK IN TIME AT
WHISPERING PINES**
Notes From May, 1977

We were very busy the entire month of May. We laid the concrete for the pump house floor and the slab for the outside shower. We also did all the foundation work for the very first home to be built in Linwood. Amazing!

We've had lots of warm days with temperatures in the 80's. We graded the volleyball area and cut the grade of the main road coming into the club. We also mailed out newsletter to our members. Pepsi Cola brought in a new machine for us and a lot owner donated an ice machine.

Lot owners from Ohio brought in a brand new mobile home for their lot. We all celebrated their new home and my 38th birthday over a bottle of wine.

We spent a morning tending our vegetable garden. The grounds are looking great. I can't believe how green the grass is. Of course, that means lots of mowing. We worked like crazy getting Apollo in shape for Memorial Day weekend, and it showed! Just before the big holiday, a reporter

7:00 P:M in the clubhouse.

Oh, and to all Mom's....THANK YOU FOR ALL YOU HAVE DONE.

Casino Night

The second annual Casino Night will be Saturday, June 19 in the club house. Casino Night is a great fund raiser for the club and is always fun! Support your club and have a fun night too!

A Moment in History

The original European settlers of America were the Puritans who were staunch advocates of non-pleasure and were afraid of nudity, even to the extent of not bathing themselves.

Later a free and independent United States of America developed and "radical thinkers" like Benjamin Franklin and Henry David Thoreau, publicity lauded the benefits in daily naked walks, or "air baths."

Other nudists included President John Quincy Adams, who regularly bathed nude in the Potomac. Influxes of immigrants from Germany and other northern European countries also brought with them a more relaxed attitude to the body and in the 20th century nudist clubs started to be formed.

America is still split between two sections of the community - those who have strong religious objections to nudity and those who are more open minded.

Today, nudism is a booming and is the fastest growing sector of the travel industry. Nudist clubs can be found in every state except Arkansas. Arkansas is the only state that prohibits nudity and nudist clubs.
