BACK IN TIME AT WHISPERING PINES *Notes From September, 1979*

September started out as dry and hot, but ended up being rainy and hot.

My better half took on an outside job for awhile, which left me to handle the day to day running of Apollo. I am no shrinking violet when it comes to hard work but I was getting pretty upset at spending more time fixing

You may recall that in the August issue of "Whispers" we told you about the Nude Places application you can download and install on your Smart Phones. You can locate any nudist destination or services using this application. National Skinny Dip Count

From AANR

The preliminary count is in for the AANR World Record Skinny Dip held July 10, a Guinness World Records event. As of this writing the count is 12,194 with 27 locations not yet reporting. The numbers show that the skinny dip event on track to beat

the mower than mowing the grass.

Labor Day weekend was great! Had a lot of members and new comers enjoying bonfires, cookouts and lots of volleyball. The last event of the weekend was a community breakfast, shielded from the rain under canopies.

We signed up two new members.

We've begun work on a closed in building to use as a gathering place. We marked and staked out the area its' going in, dug the footings and had sand, mortar and cement delivered.

All we need now is a break from the rain.

Continued next month.....
